

# I. The Prayer of Jesus Mark 14:35-36

- A. ~~Jesus had a garden of olives to go to~~ & one sure we  
know all here there a  
time of crushing weight of  
sorrows. Our first teacher  
is the author of songs upon our  
souls. When first reached  
I received a phone call  
with the scathing voice of my  
brother Marcello of the IT  
line. My mother had just  
fallen and was unconscious  
and we were 1 1/2 hours  
away; conversing with Marcello  
he had seen a lot of prayers  
brought us to such a halt  
and we implored persons of  
scripture. Dr. Tac Powell  
said "Here we must open help  
a promise" Ch Spuranga  
translating it which has  
lessen me, for how shall my people  
see such desolate those who have  
seen such strong suffering and  
few to bear seemingly insatiable  
expressions. Let us just reach the  
the shallower and pick out a  
few insights on prayer from the prayer  
of our Lord

# II. The Agony of Jesus' Prayer

- A. When I saw emulsion, I did not  
take a look at the trees on the rocks  
but went over happening what  
was the situation that surrounded the Lord  
B. The Name of The Garden - Op  
- long lines of text ~~interruptions~~ gives us insight  
Gethsemane. Ideas like means olive press  
a place where the olives were crushed in order  
to extract the precious oil. Just from now  
we see the garden is one of pressure. Jesus  
pressure. Overwhelmed pressure unmanageable  
that we can not relate to, but we all have  
been under pressure, where the well off press  
C. The Number in The Garden vs 33.  
We see his disciples followed him after  
V33 three chosen to go further, vs 34-35  
at least this is alone, the ~~three~~ disciples  
are most to set ~~for~~ off, yet in the middle  
stealing of the distress of the moment after  
comes, the want of controls our closest  
friends can only go as far. Oh asked our  
friends could lead out of Gethsemane. Someone slumber  
D. The Number of The Garden <sup>is 33</sup>  
for so much of Jesus ministering he was able to  
say my hour is not yet come. Now  
finally here in the garden, was the dawn  
of the hour for which he came. It lay before  
him. v33 awakes; removes, This is a close to  
the eleventh would have taken up peering into  
the deep darkness of God but I can apply  
whether in an emergency session, in funeral  
hours or perhaps at midnight to have we no

### III. The Elements of Jesus' Prayer

A. Name before the mouth of the prayerer  
and name of what he pray or how to  
pray in such a form as this

B. Our Address of intimacy  
John 13:36  
John who is a friend of  
the world desideres a talk off intimacy  
fellowship. Although we would  
not use it publicaly for fear of men  
and in these moments we are most apt to  
be divided in our hearts the child of  
Jesus fears his heart out & is divided  
from his people & from the world.  
c. Our Reference to Omnipotency

VS 36. All things unanswered in the  
omnipotence of His father. Even in  
the darkest moment, Christ trusts  
that His Father is in control. How  
unlike us. When great difficulties and  
concerns stand in his way he asks /  
wishes, our father his almighty /  
father in God. 10.6. <sup>For though</sup> I  
have faith in God. 10.6. <sup>For though</sup> I  
Not my will but thine be done /  
What o/p painful hours, is born the  
sin of all. Yet there was then no hue  
of regret so much for he  
the pleasure of our Lord / So often  
we went God to trade our will. No  
but yes have the mind of Christ  
Phil 3: 5. Let this mind

### IV. The End Result of Jesus' Prayer

A. As Christians take his command  
thus of an upright life & the service  
through the prayer, come we see only results like

B. Satisfying Strengthened  
Luke 23:43 Our prayer was accepted  
the strength here. No child  
of God that comes requesting  
satisfying undoubtly until off  
the result to do the will of  
God and most go unshamed hands  
and in Cor. 5:9 strength on the  
one hand grace is sufficient, God is almighty  
is made perfect & other weakest  
members. 15:4 & 4:13 Christ turns  
to need hereon he changes Jn 18:19  
c. Sacrifice by Surrender  
John 10:38  
John not only will hurt him  
but he desire, he can die not pass  
it. Not however we went down will burn.  
so God's glory  
vs 36. All things unanswered in the  
omnipotence of His father. Even in  
the darkest moment, Christ trusts  
that His Father is in control. How  
unlike us. When great difficulties and  
concerns stand in his way he asks /  
wishes, our father his almighty /  
father in God. 10.6. <sup>For though</sup> I  
Not my will but thine be done /  
What o/p painful hours, is born the

of regret so much for he
